

Mercedes Arocs 4140 8x4 cw Sany SYG5370THB 470C-10

Highly Reliable

- SANY has World-class lighthouse factories with top-level manufacturing capability, assuring reliable quality.
- Careful matching of components ensures stable performance of the whole machine.

Strong Pumping

- Single-button high/low pressure switch
- Multiple upgrades assure high suction rate
- Significant advantage in pumping efficiency

Extremely Economical

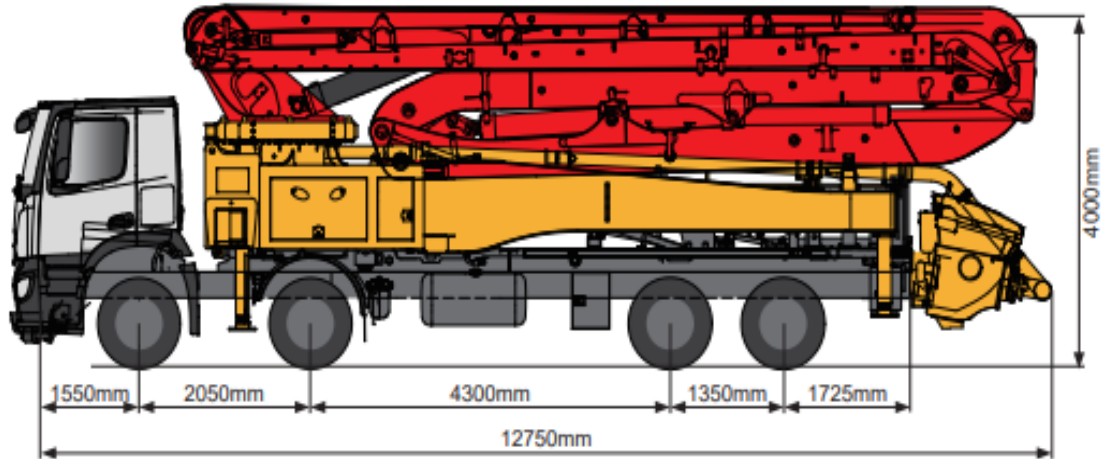

- The industry-leading longest service life of wear parts
- Advanced fuel combustion technology
- Targeted upgrades for different working conditions

Ultimate User Experience

- Comfortable cab comparable to passenger car experience
- Multi-language human-machine interface
- Easy-maintenance

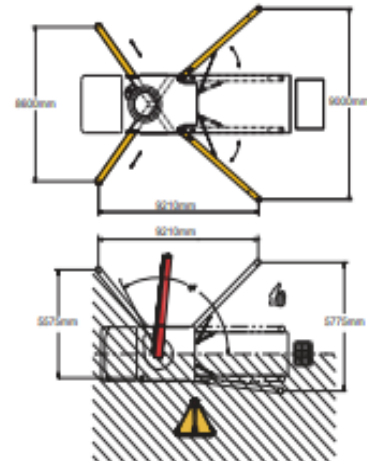

TECHNICAL SPECIFICATION

Note: standard dimensions version for SANY SYG5350THBCB 470C-10

TECHNICAL DATA

Boom		Pumping system	
Vertical reach	47 m	Output	200 m ³ /h (137 m ³ /h)
Horizontal reach	42 m	Pressure	12 MPa (8.3 MPa)
Depth reach	29.3 m	Delivery cylinder diameter	260 mm
Unfolded reach	13.9 m	Stroke length	1900 mm
Rotation	± 360 °	Hydraulic system	Open
Front outrigger spread L-R	8600 mm	Hydraulic system oil pressure	32 MPa
Rear outrigger spread L-R	9000 mm	Oil tank capacity	680 L
End hose length	3 m	Water tank capacity	620 L
End hose diameter	125 mm	Drive pump	Rexroth/Danfoss
Pipeline size	125 mm	Volume of hopper	680 L

DELIVERY & CONFIGURATIONS

Chassis	Safety
Brand: BENZ	Mushroom button for horn, yellow
Model: Arocs 4140	Emergency stop
Engine type: OMA60	Hopper plate
Engine max net power: 290/1600 kW/rpm	
Emission standard: Euro III	
Capacity of fuel tank: 600 L	
Displacement: 12.8 L	
Max. speed: 90 km/h	
	Cleaning
	Sponge balls
	Large-flow water pump
	Others
	Remote control System, wired (optional)
	Industrial display control screen 7" (optional)
	Operating manual
	MachineLink+ APP/web connected
	7 × 24 service with no worry
