

Technical specification

SCHMITZ CARGOBULL insulated box body - FERROPLAST - V7

BOX - COOL V7 - for truck chassis

Model: 670861

Dimensions and weights

Internal length	ap.	8.100 mm	Total tare weight	+/- 3%	3.752 kg
Internal width	ap.	2.460 mm	Overall length	ap.	8.250 mm
Internal height	ap.	2.500 mm	Overall trailer width	ap.	2.600 mm
Usable internal length	ap.	8.050 mm	Door aperture height	ap.	2.490 mm
Usable internal height	ap.	2.500 mm	Door aperture width	ap.	2.460 mm
Total height at front (unladen)	ap.	2.759 mm			
Total height at rear (unladen)	ap.	2.759 mm			
Brand of truck		MAN			
Type of truck		TGS			
Axle formula		6x2			

Chassis

CARGOBULL * HIGHLIGHTS *****

C00275 Production PANEVEZYS

Registration/Certification

X91012 Country of registration: "the Netherlands"

X90520 Intern. custom seal (TIR) for body with rear door, without TIR certificate (f.KR.)

Chassis

M00300 no provision for trailer traffic

C20002 Without rear underrun bar (available on the truck)

X00101 Without side guard acc. RL 89/297EWG (in existence of truck)

Sub frame

C00484 Subframe bolted and galvanized ,incl assy material, 8100 BOX, COOL

C00524 Provision for sub frame in normal heights

Light system

E00096	Without side tracking lights
K75086	Switch for interior light at the rear, under the floor
C24022	Without lamp holder and number plate holder for truck
E00223	Without side marker lights (in existence at the truck)
K75101	2 white front top position marker lights, 2 red rear top position marker lights

Spray suppression

M01011	Without mudwings and without mudflaps (in existence of truck)
--------	---

Further chassis equipment

P02020	2 rear corner rubber block buffers
P02024	1 rear rubber buffer across rear width
C90026	1 telescopic ladder at rear, kit

Tail-Lift

L10010	Without provision for tail lift.
--------	----------------------------------

Bodywork

Body

K00001	PU foam panel, free of thermal bridges, sealed against vapour diffusion
K00866	BOX COOL V7, internal length 8100 mm
C00474	Box loading
K09001	Inner skin is 0.6mm PVC coated steel scuffproof and load safe

Front bulkhead/Roof/Side walls

K21020	Insulated front bulkhead, NX17 foam, with reinforcement for fridge installation
K43010	EFP insulated sidewall, COOL 60, NX17 foam
K62004	FP strong insulated roof, NX17 foam
K72307	Row(s) recessed galvanized load restraint track to both walls, without side door (8100) Floor to middle of 1st load securing rail 1.000 mm
K21425	4 ALU air circulation profiles on the front bulkhead, internal length -50mm

Rear closure

K31051	FP 2-wing rear door, insulated, NX17 foam, with double stainl. steel locking mechanism
K33111	Rain water deflector on the roof, draining to side at rear
K39013	Rear frame is stainless steel, sand blasted finish
K73311	300mm depth, anodized aluminium kick strip fitted at base of each rear door
P02041	Hinge protection rubber buffers fitted vertically full height of the rear frame
P02071	Without add. buffer protection to rear frame across bottom

floor

K11153	Aluminium barley seed floor, low noise Test load 7200 kg V7 (up to 11050 mm)
K12001	300mm aluminium kick strip at front and both sides welded to floor

Further body equipment

K72466	without multifunction clamping bars
K75113	Particularly bright LED lighting inside the box
K72427	2 x Rounded steel telescopic locking bar (galv. steel) horizontal, with pins on both sides
K72440	Without tension belt for load securing rail
K72448	Without tension belt for double stack system

Cooling unit

K80574	provision for THERMO KING T-1000R
K80001	Fridge unit aperture cut out and bolt holes drilled in front bulkhead
K80003	With cover for bulkhead cut out
K81332	THERMO KING T-1000R 50, with Battery and Battery box
K80169	Cooling unit packed and loaded in the body
K91409	Provision for temperature recorder Euroscan RX3 (only for ATP application)
K80123	Remote control for cooling unit, KIT

Painting/Finishing

K99204 Roof painted in SCB 9010 white
X90340 Partial contour marking, side, white, rear red all around
K99050 Body finished in white SCB 9010
X90199 Without lettering

Finishing / Colour specification

Part	Color	Number	Classification
Body	SCHMITZ WHITE	9010	SCB
Roof	SCHMITZ WHITE	9010	SCB
